Town of Bassendean - Councillor

LEWIS, Mike

As your Deputy Mayor and during my eight years on council, I have applied an economic approach to decision making and supported change that balanced the ratepayer's needs with responsible financial management.

As the only self-employed business owner on council, I have used my business acumen to encourage decisions that would lead to the efficient use of resources and create accountability to our ratepayers.

My vision is to keep the momentum of innovation happening in Bassendean.

As your voice on council, I will continue to:

- Push for Transparency, Accountability and affordable Rates,
- Make opportunities to engage and create a busier Town Centre,
- Ensure future development is sympathetic to the conservation of mixed-use public space,
- Make Australia Day Fireworks Celebrations more inclusive and Recognise Indigenous leaders,
- Create a walkable, 'pedestrian centric' tree lined town.

Ensure that our town continues to be a vibrant and exciting place to be.

Vote Mike Lewis.
