

ATTACHMENT NO. 6

Ranger Services Information Sheet 1

Dog Behaviour in a Public Space and Dog Exercise Areas

For the enjoyment and safety of everyone, when walking your dog in a public space such as along the street or in a park or reserve, you must keep it under effective control. This means keeping your dog securely tethered or close to you and not allowing it to wonder or bother other people, animals or wildlife.

Even though your dog is being playful, others may feel uneasy with its behaviour. Remember, some people do not like to be approached by unrestrained dogs.

Dogs are not under effective control if they:

- Chase or disturb any person or wildlife
- Act in a threatening or aggressive manner
- Cause damage to flora

DOGS MUST BE ON LEAD AT ALL TIMES ON THE FOLLOWING RESERVES:

Sandy Beach Reserve, Jubilee Reserve, Success Hill Reserve

Please note:

Dogs are not allowed on land that has been set apart as a children's playground, a car park or an area being used for sport or other activities, as permitted by Council, during the times of such use.

EXERCISE AREAS - DOGS MAY BE OFF THE LEAD IN THE FOLLOWING RESERVES:

Council has identified the following Dog Exercise areas:

Bassendean - Carman Way Reserve, Anzac Terrace Reserve, Ireland Way Reserve, Palmerston Square Reserve, May Holman Reserve, Pickering Park, Troy Street Reserve, Parmelia Way Reserve

Eden Hill - Freeland Way Reserve, Mary Crescent Reserve, Padbury Court Reserve

Website: www.bassendean.gov.au Email: mail@bassendean.wa.gov.au Tel: (08) 9377 8000

Town of Bassendean Information Sheet
Dog Behaviour in a Public Space and Dog Exercise Area

Date: 10/2/2017

Ashfield - Gary Blanch Park, Ashfield Reserve between Guildford Road and the line of the fire track on the reserve.

Please note that in regards to Ashfield Flats Reserve, the majority of this land is managed by the Department of Planning. Ashfield Flats Reserve is listed as Bush Forever Site and in the Directory of Important Wetlands. To protect wildlife and bird breeding sites, ensure that your dog does not wander and is kept under effective control at all times.

DOG PROHIBITED RESERVES:

Council has resolved that dogs are not permitted at any time on Point Reserve, Bassendean.

Picking Up After Your Pet

To be considerate of others the Town of Bassendean request that you pick up your dog's faeces and dispose of the waste in a bin

To assist you achieve this, the Town employs a number of techniques to reduce the impact of dog litter on the amenity of public open space, safety and the environment. These measures include public education, enforcement, dog litterbins and pooch pouches strategically placed throughout the Town.

Picking up after your pet - POOCH pouches are a great way of always ensuring that you have the means to clean up after your dog and keep our environment and waterways healthy and safe.

Dog faeces contain many pollutants such as phosphorus that cause the spread of toxic blue/green algae, so harmful to marine life. It also has toxins that are contained in some zoonotic diseases one of which can lead to blindness in children.

Dog Litter Bins

Throughout the Town, you will find litter bins strategically placed to ensure dog owners are able to dispose of the used pooch pouches on their walk.

Having these bins available throughout the Town with stands that have pooch pouches readily available close-by has ensured reserves, popular walking routes and dog exercise areas are free from faeces on the ground and further preventing this from entering our waterways and harming our environment.

Whilst the Town encourages dog owners to take their dog on daily walks, pet owners are required, in accordance with legislation, to clean up after their dogs by collecting the faeces and placing it into a waste bin when they get home or in a public litterbin.

Council has undertaken a number of initiatives and concerted education campaigns to help reduce the amount of uncollected faeces. These educational initiatives are at all times coupled with enforcement of the legislation.

BASSENDEAN WA 6054

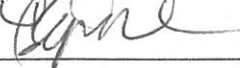

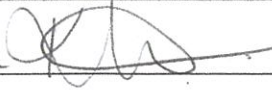

Dear Sir/Madam

We understand that the council is currently considering a recommendation to fence parts of Anzac Terrace Park and Palmerston Reserves. In considering this recommendation, we ask the council to prioritise the need for public open space.

In both parks we acknowledge the benefits of securing the children's play equipment and parent seating areas in a similar style to that provided by Bayswater City Council in the Riverside Gardens park lands.

However, the parks provide local destinations for the residents to walk, exercise dogs and be active in. The open spaces of our parks provide a place to meet and the flexibility to host social and community events, engage in physical play and social interaction. Fencing beyond that required to secure the children's play equipment would significantly impact the freedom these spaces currently provide.

In its deliberations, we ask the council to consider the available research which supports the findings that the provision of public open spaces is a key factor in promoting active living and providing important physical, psychological and social health benefits for individuals and the community.

Community Consultation – fenced dog exercise areas

In April 2016 Council resolved to undertake community consultation regarding installation of fenced off dog exercise areas at the below two Reserves.

It is proposed currently that –

'Designs for both reserves to include separation of the playground equipment from the fenced off areas, consideration of angled parking, use of water sensitive urban design principles that remove the existing kerbs where appropriate and dog poo bag dispensers provided at each entrance gate.'

Anzac Terrace Reserve

Palmerston Square Reserve

The Rangers are seeking to consult the community to determine the level of support for this type of installation and to seek feedback and comment about the proposals. We would appreciate your time in completing and submitting this survey.

Do you support the installation of a fenced separated dog exercise area, as described above, at Anzac Terrace Reserve and Palmerston Square Reserve? (Please circle your response)

YES

NO

Do you have any comments or suggestions in relation to this proposal?

PERHAPS PUT A FENCE AROUND THE PLAYGROUNDS TO
KEEP THE DOGS OUT. NEVER HAD ANY PROBLEMS WITH
DOGS AT ANZAC TCE - DOG OWNERS VERY RESPONSIBLE. BEEN
TAKING MY DOGS THERE FOR 27 YEARS.

YES

NO

Do you have any comments or suggestions in relation to this proposal?

Anzac Tce Reserve is our local park for kids to play basketball, soccer, fly frizbees etc now that they are 9, 11, 13 & 15 year old. We send them to play on their own and would not feel safe to do so if it were a dog excercise area- ie we would feel the need to accompany them to ensure their safety, which is a shame as they would probably cease to use-

Community Consultation – fenced dog exercise areas

In April 2016 Council resolved to undertake community consultation regarding installation of fenced off dog exercise areas at the below two Reserves.

It is proposed currently that –

'Designs for both reserves to include separation of the playground equipment from the fenced off areas, consideration of angled parking, use of water sensitive urban design principles that remove the existing kerbs where appropriate and dog poo bag dispensers provided at each entrance gate.'

Anzac Terrace Reserve

Palmerston Square Reserve

The Rangers are seeking to consult the community to determine the level of support for this type of installation and to seek feedback and comment about the proposals. We would appreciate your time in completing and submitting this survey.

Removal of existing bollard boundary fence	4,800
Installation of approximately 212m of fencing, including 2 x pedestrian gates and a vehicle access gate for maintenance – Chain link or similar open permeable type fence	18,600
Supply & Installation of a dog water station	4,400
Supply & Installation of dog poo bag dispenser x 1	500
Supply & Installation of updated signage x 2	200
Supply & Installation of extra seating x 1	2,000
Estimated Total	28,500

Palmerston Square Reserve	
Action	Estimated costs \$
Removal of existing bollard boundary fence	4,800
Installation of approximately 219m of fencing, including 2 x pedestrian gates and a vehicle access gate for maintenance – Chain link or similar open permeable type fence	19,200
Supply & Installation of a dog water station	4,400
Supply & Installation of dog poo bag dispenser x 2	1,000
Supply & Installation of updated signage x 2	200
Supply & Installation of extra seating x 1	2,000
Hamilton Street & Whitfield Street parking bays constructed	63,000
Estimated Total	94,600

The attached schematic plans and above order of magnitude costs have been provided to address the Council resolution, however due to the design considerations outlined in this report, it is not proposed that the fencing layout plan or the above funds be listing in the draft budget.

Should Council wish to provide fenced dog exercise areas, it is recommended that funds be allocated to prepare Open Space Master Plans for the required reserves taking into considering the information provided in the July 2017 Ordinary Council Meeting agenda.

Dog poo scourge forces council to come up with gate solution

Aisha Dow

SHARE TWEET MORE

A Melbourne council is removing gates from 12 enclosed sporting grounds and reserves to address the scourge of dog poo on its ovals.

The move by Bayside City Council is in response to "inattentive" dog owners allowing their pooches to dig and defecate without cleaning up after them.

Colin Anderson is sick of picking up dog poo at an on-leash park. Photo: Penny Stephens

The council hopes that removing the closable gates will encourage dog owners to keep a closer eye on their pets.

Mayor Alex del Porto said there was a "small group of distracted owners" to blame for the problem.

"At some clubs groups of parents work to clean up after dog owners to clear sports grounds of dog faeces before games commence so that young players don't face the prospect of making a tackle but literally ending up in a pile of poo," he said.

Gates have already been removed at Hurlingham Park in Brighton East. Cr del Porto, who lives nearby, said the change has already had a positive effect on people's behaviour.

DOG PARKS IN PERTH - WHERE TO TAKE YOUR DOG FOR EXERCISE?

Published on Sunday, 23 August 2015 08:53
Written by admin2

Are you looking for the locations of dog parks in Perth?

If you have a dog in Perth, you may be on the lookout for the locations of enclosed or fenced dog exercise parks to take your pooch for some exercise and socialisation.

Here are some of the enclosed dog parks in Perth that we know about that you can bring your dog to for some exercise:

Inglewood Dog Park, Mt Lawley

One of the few enclosed dedicated dog parks in Perth – dog owners from far and wide around Perth bring their dogs to the Inglewood Dog Park in Mt Lawley to have a good run around and exercise, and to socialise with other pooches.

Entry into the park is double gated and there is a gazebo at the entrance which is especially handy for some shelter for dog owners on rainy days.

The dog park has a high perimeter fence around, and facilities include a grassed area, water station, and a few obstacle course stations. The couple of agility stations include a gently sloping up and down ramp, and another with steeper ramps.

The Inglewood Dog Exercise Area is located at Inglewood Oval, closest corner is Central Ave and Standcliffe Street, next to the Edith Cowan University (ECU) Lawn Bowls club.

Access is off Central Ave - look out for the street sign "bowling club" for the turn off from Central Ave into Standcliffe Street. The other landmark to look out for are the Mt Lawley Tennis Club courts, located across the turn off into Standcliffe Street from Central Avenue.

Coffee alert – during weekdays, grab a coffee and snacks from the Chatterbox café located near the ECU Village student accommodation apartments at 2 Bradford St, or from Aroma café on campus at the University – an easy 5 minute walk from the Inglewood Exercise Park.

Hamer Park, Mt Lawley

Hamer Park is not an enclosed dog park, but worthwhile mentioning, since it is just a short walk from the Inglewood Dog Park, and is well frequented by dogs and their owners.

The park is well used for sporting activities, football and cricket, the children's playground, and a walking path that goes around the circumference of the park.

Hamer Park can be easily accessed to car park areas via Second Avenue, Mt Lawley from the residential suburb side or Woodsome Street, on the Mt Lawley high school side.

Jack Marks Park, Highgate

The Jack Marks Park located on the corner of Broome and Wright Street in Highgate is an enclosed dog park that attracts many local dogs in the area during the weekdays and is popular on the weekends. Dogs of all sizes frequent this park, though due to its location with a significant number of apartment dwellings in the area, and the low fence around its perimeter, it tends to attract a greater number of smaller dogs.

Coffee Alert - Caffeine fix tip for dog owners - a short walk will take you to the corner café tucked in the burbs at Lincolns 102, at 102 Lincoln Street in Highgate for a coffee and a good range of snacks, breakfast and lunch menu items. Note that Lincolns 102 café is closed on Mondays.

Other dog parks in the Perth area that are further away from inner city Perth and are located in the northern and southern suburbs of Perth and in the Swan Valley are:

Coolamon Dog Park, Ellenbrook Dog Exercise Park (Northern Suburbs)

The Coolamon Dog Park is located off Westgrove Drive in Ellenbrook within the City of Swan. It is a fenced off area in the north eastern section of Coolamon Oval accessed via double gates.

It is a well frequented enclosed dog park with ample space for your pooch to have a good run around and get some exercise.

Peace Park, Parmelia (Southern Suburbs)

Peace Park in Parmelia, on the corner of Parmelia Ave and Sulphur Road within the City of Kwinana offers 2 separate exercise areas, one for small dogs and another for bigger dogs. The enclosure offers a high fenced area via a double gated entry and within the exercise area there is a water station and a few obstacle ramp courses. Outside the dog exercise area, there is a grassed area with a bbq facility and a shelter for picnics.

Whiteman Park Dog Park (Swan Valley area)

Whiteman Park offers 2 dog enclosed areas, one area for smaller dogs, and another for larger dogs. It is open daily from 8.30am to 6pm, with double gated access at the entry, water station facilities, and an obstacle course within the dog exercise area.

Besides the dog park, Whiteman Park is a recreational park and extensive conservation reserve covering 4,000 hectares with many facilities and trails on offer for a good day out and about Perth.

Access to Whiteman Park is via Lord Street or Beechboro Road, Whiteman. Head to Car park 23 located in the Mussel Pool East precinct.

Do you know of any other dog exercise parks in Perth?

We'd love to hear about any other dog parks in Perth that are enclosed or fenced to take your dog to exercise at.

Please add your comments below.

FENCED DOG PARKS

WHAT YOU PROBABLY DON'T KNOW BUT NEED TO KNOW

Lesley Humphreys
LMH Consulting / Paws4 Play

The focus

Dog park – Fenced dog off-leash area

Off-leash areas – can incorporate elements e.g. rock scramble areas / hillocks and dry stone creek beds, open play areas, and educational / confidence development features

People and pets – Some background

Ownership

- ✧ Dogs are in more households than any other type of pet
- ✧ 36% of households own a dog (US 40%)
- ✧ Dog ownership static, possibly declining

Who owns dogs?

- ✧ Families with children (55%+) / Couples 25%, lone person households*

The benefits of pet ownership

- ↓ Visits to the GP, medications, blood pressure, cholesterol, recovery time, risk factors associated with heart disease
- ↑ Physical activity, interaction with people
- ↓ Obesity in children

* older, concerned about welfare/future of pet

People and pets – Some background

✧ **An important part of my/our family**
98%

“Having an animal helps me cope with my depression and otherwise crippling anxiety in a way that medication alone can’t.”

✧ **Exercise more because I have a pet**
80%

✧ **My family exercises more**
71%

“A lot of our local friends were met at the oval while our dogs have a run around together. We’re not really into sport so walking the dogs is our only exercise.”

✧ **Talk to more people**
80%

✧ **Important for me to have an animal in my life**
94%

“Life is just not the same without a dog (pet).”

✧ **A strong reason for living**
68%

✧ **Comfort in times of need**
83%

“I love all of my pets and couldn’t live with out them.”

✧ **Teach my children about compassion and responsibility**
79%

✧ **Protection or peace of mind**
75%

“Our family’s lives wouldn’t be complete without our pets.”

✧ **Unconditional affection**
92%

✧ 50% of women in a domestic violence situation will not leave

Benefits

- ✧ Provide opportunities where there might otherwise not be any
- ✧ **Separation** – other park activities, people, sensitive environments
- ✧ Meeting place or **activity hub**
 - ✧ friendships/social support
 - ✧ advice
- ✧ **Older people and people with restricted mobility/disabilities**
- ✧ **Apartment dwellers**/small allotments
- ✧ Safe/restricted environment
- ✧ **Dog to dog socialisation**
- ✧ **Travelling community**
- ✧ Focus for **community education and training programs**

The challenges

- ❖ **Dog poo!**
- ❖ **Inappropriate dogs**
- ❖ **Misbehaving dogs**
- ❖ **Too many dogs** brought to the dog park by the one person
- ❖ **Babies in prams / Young children** not supervised
- ❖ **Unattended dogs**
- ❖ **Owners** not understanding **dog behaviour**
- ❖ **Dog on dog/dog on people bites**
- ❖ **Commercial** or community activity groups
- ❖ **Planning** and design
- ❖ **Maintenance / degradation**

'The failure to pick up after one's dog litter **provokes more community ire** than littering, illegally parking a car and graffiti.'

Journal of Applied Psychology

A survey by the Center for Watershed Protection in the USA 1999 found that **41%** of respondents **will rarely** or **never** clean up after their dogs, and **men** are **less likely** to do this than women. Of these, **44% would refuse** to do so in the face of **fines** and neighbours' complaints.

Planning – First things first

An organisation agreement ‘the why’ we are doing this?

- ✧ Recognising the benefits of pets on a health and wellbeing level
- ✧ Address a demand?
- ✧ Expand the variety of alternative recreation opportunities?
- ✧ Other social, physical activity, environmental, practical outcomes?
- ✧ Solve a problem

Putting the relevant planning steps in place

- ✧ The broader planning context
- ✧ Where does the dog park/dog parks fit in terms of your provision framework – how many, what level or provision
- ✧ What is there relationship to unfenced dog off-leash areas?
- ✧ How many do you intend having and why?

Relationship to existing planning and provision frameworks

- ✧ Open space hierarchy of provision for different types of open space categories and service standards

Planning – First things first

Who needs to be involved?

- ✓ Open space planning
- ✓ Local Laws
- ✓ Assets/open space maintenance
- ✓ Communications
- ✓ Recreation
- ✓ Community services
- ✓ Risk management

Why?

- ✧ So they understand the **real context, complexities** (dog behaviour, human behaviour, perceptions vs. realities), the need/opportunities associated with integrated planning
- ✧ Truly **integrated planning and ‘messaging’** needed - same message, same understanding of objectives/reasons

A champion

- ✧ Someone in the organisation needs to become ‘the champion’ in the same way we do for any other services
- ✧ Someone needs to really understand the complexities, planning processes

Planning – First things first

Apply the same open space and recreation planning processes and considerations as you would for any other park, reserve, or facility

Planning – Site selection

Primary evaluation criteria

- ✦ The space available – Impact on other activities/opportunities to minimise, buffers, future demand, car parking
- ✦ The level of environmental sensitivity
- ✦ The appeal of the site and amenity, perceptual or physical barriers

Secondary evaluation criteria

- ✦ Integration with other park activities
- ✦ Natural features - shade, attractiveness of the landscape
- ✦ Existing and accessible infrastructure and amenities
- ✦ Good linkages via the trail and footpath network
- ✦ Catchment – people, dogs, ‘walkable’
- ✦ No. dogs residing within walking distance of the site
- ✦ The readiness of the site

Other considerations:

- ✦ Existing use/popularity
- ✦ Residential growth

Design elements

Core infrastructure

- ✦ Fencing
- ✦ Enclosures
- ✦ Gates
- ✦ Rules
- ✦ Pathways

Amenities

- ✦ Seating & tables
- ✦ Water – people & dogs
- ✦ Shade structures
- ✦ Picnic facilities (basic)
- ✦ Off street car parking
- ✦ Toilets

Activity Areas

- ✦ Rock scramble areas
- ✦ Sensory vegetation plantings
- ✦ Open play area
- ✦ Agility / educational areas (equipment)

Landscaping

- ✦ Natural shade / tree plantings
- ✦ Vegetation along approach fencing
- ✦ Vegetation to create outdoor 'rooms'/visual barriers
- ✦ Drainage
- ✦ Under surfacing *

Other considerations

- ✦ Dog litter bad dispensers
- ✦ Dog litter bins
- ✦ Lighting
- ✦ Dog training area – external to the dog park
- ✦ Dog club pavilion / storage
- ✦ Universal design

User requirements

- ❖ All local laws apply
- ❖ Picking up and disposing of dog litter
- ❖ Dogs - effective voice control, in sigh, carry a leash, 'active' supervision
- ❖ The number of dogs / person
- ❖ Children - supervision of children / age of child alone / no toddlers, babies in prams
- ❖ Age of dogs using dog parks - vaccination, physical development
- ❖ Registered / De-sexed / Vaccinated
- ❖ Food
- ❖ Toys/play things
- ❖ Commercial trainers and dog walkers and for social events
- ❖ Dogs unattended in the dog park
- ❖ Removing misbehaving dogs
- ❖ DOG OWNER EDUCATION – Dog behaviour, responsibilities

12th June 2017

Mr B Jarvis
Chief Executive officer
Town of Bassendean
35 Old Perth Road
Bassendean WA 6054

Document #: ILET-12206517
Date: 12.06.2017
Officer: BOB JARVIS
File: A2137

Reference: OLET-6649017

Dear Mr. Jarvis,

The Board reviewed the Council's position and also consulted with the AISWA Capital Grant Committee with regards to the conditions of the sale. A transaction under the conditions proposed by the Council will not be approved by School Board or the AISWA Capital Grant Committee. In general terms, the conditions of sale subject the property to unreasonable encumbrances, given the property is to be purchased at market value.

The School Board would like to propose that the property be bought under a normal real estate contract with the condition of giving the Town of Bassendean Council first right of refusal should the property be sold again.

The Casa Mia Board firmly believes that it is in the community's best interest to have a private and independent school in Bassendean offering the Montessori education.

As previously indicated the School is fully committed to staying in Bassendean. We look forward to the Council's consideration of our proposal, with the intent to enable the School to continue providing its services to the community.

Kind regards

Claudio Pellegrini
Chairperson

BASSENDEAN WA 6934

Document #: ILET-12107217
Date: 18.05.2017
Officer: BOB JARVIS
File: LEGL/AGMT/8

Dear Mayor Gangell

BASSENDEAN OVAL BUSINESS CASE

Following the announcement of the deferral of the Bassendean Activity Centre project pending further Strategic Planning by the Town of Bassendean (the Town), the Department of Sport and Recreation (DSR) have held discussions with the Swan Districts Football Club (SDFC) in respect of the condition of WAFL facilities at Bassendean Oval.

The DSR, the SDFC and the West Australian Football Commission view the condition of football related facilities at Bassendean as being in generally poor condition and in need of upgrade or renewal. To better understand the scale and extent of these works, a business case is required to be undertaken. Given the land tenure and operational impacts on the Town of Bassendean arising from Bassendean Oval, DSR believes it is important that the Town has representation in the business case process.

It is important to note that the business case is in no way related to non-football related development as identified as part of the Bassendean Activity Centre project.

The department would welcome the involvement of the Town in the business case process, and in this regard we would be happy to provide your Council and key personnel with a briefing of the intended outcomes of the business case process. Should you require further clarity on this matter, please contact Brett Treby Strategic Planner/ Research Manager on 94929818.

Yours sincerely

Rob Didcoe
Director, Facilities and Camps

Swan Districts Football Club Business Case

Presentation to the Town of Bassendean
Council 11 July 2017

Background and context

- Swan Districts Football Club (SDFC) formed 1932.
- Construction of football facilities occurred between 1927 and 1974.
- Strong heritage and cultural identity.
- Facilities in need of immediate remedial action, and in the medium term renewal.

WAFL Ground	DLGSC business case contribution	Development costs
Claremont Oval	Cabinet decision	\$16.5 million
Lathlain Oval	\$25,000	\$15.0 million
Fremantle Oval (Colocation SF & EF)	\$25,000	\$20.0 million
HBF Arena (refurbishment)	Election commitment	\$ 8.0 million
Rushton Park (new 2011)	CSRFF project	\$ 9.0 million

Department of Treasury Strategic Asset Management Framework

A business case provides decision-makers with a robust appreciation of the objectives and benefits of an investment proposal:

Purpose - Robust advice / reasonable certainty to identify the best value for money option

Options - Focused in detail on at least three options (status quo; recommended; and alternatives)

Depth/ Rigour - Robust

Scope - clear scale (m²), standard and functionality

Benefits - precise statement of benefits / KPIs, rigorous cost benefit analysis

Cost - High-quality estimates (quantity surveyor standard and method), robust contingency

Schedule - Detailed and well-constructed, based on indicative work breakdown structure

Risk - Sound strategies to control main project risks, backed by risk register and risk management reviews

Delivery Plan - Clear implementation plan with strategies established for major aspects including: governance; project management; stakeholder communication and engagement; benefit realisation and reporting

Next Steps

- Project partners - Town of Bassendean, DLGSC – S+R, WAFC and SDFC.
- Contributions towards the cost of the business case provided by DLGSC, WAFC & Landcorp.
- Business case to be developed in accordance with Treasury SAMF requirements.
- Town of Bassendean to Chair the Project Control Group, which would include; ToB/ SDFC/ WAFC/ Lands/ DLGSC and Landcorp.
- The scope of business case is limited to the SDFC football facilities, not part of the broader Town Centre development.
- Project funding for the business case to be provided via a grant agreement.
- The business case will provide a full analysis of the social, economic (financial), heritage and environmental considerations.

ATTACHMENT NO. 9

QUARTERLY REPORT

PERIOD ENDING 30 JUNE 2017

KPI'S	EVIDENCE
<p>(a) Strategic regeneration of Town Centre redevelopment,</p>	<p>This project is - in effect - now on hold pending consideration of the Town's revised Local Planning Strategy (due in early 2018) and LandCorp's ongoing commitment to it.</p> <p>LandCorp advised that Council's resolution to remove the BIC Reserve from the project area, and refine the planned redevelopment of Bassendean Oval, created a level of uncertainty in respect to achieving LandCorp's development objectives and outcomes. Thus, it has put its ongoing involvement in the project on hold.</p> <p>Furthermore, it is not prepared to commit any further funds to advance the project in line with Council's resolution. However, it is prepared to review its involvement in the project once the revised LPS is completed.</p> <p>In respect to Main Roads WA (MRWA) previous advice recommending that a transport assessment be undertaken as part of advancing the planned transit oriented development (TOD) around the Success Hill train station, and Council's resolution (OCM - 20/02/17) giving effect to this through a town-wide traffic and transport assessment, the Town is awaiting further advice and guidance from MRWA as to the way a town-wide assessment ought to be carried out.</p> <p>Notwithstanding that the LandCorp redevelopment project is on hold, planning for transit-oriented development (TOD) around the Bassendean and Success Hill train stations (plus around the Ashfield train station) will take place during 2017-2018. This planning activity will incorporate the Bassendean Town Centre although broader level planning of the town centre is currently being addressed through the current review of the 2015 Local Planning Strategy (LPS).</p> <p>In respect to the request to Main Roads WA (MRWA) for guidance and assistance in undertaking a traffic and transport assessment as part of advancing the planned transit oriented development (TOD) around the Success Hill train station, MRWA has since advised that it is not in a position to assist in this work. It recommended that an appropriate transport consultant be commissioned to undertake this assessment and that upon completion of it, and prior to any TOD plan for Success Hill being finalised and adopted, MRWA will be pleased to review and provide feedback on the assessment and the likely impact proposed future development within the planned Success Hill TOD will have upon its regional road network serving this TOD.</p>

	<p>As previously advised by the Director Strategic Planning such an assessment ought to apply across the whole of the Local Planning Strategy area (ie. the Bassendean local government area) in order to assess the impact of any major land use changes proposed through the review of the current LPS on the regional and local road network. To this end, an allowance has been included in the 2017-18 Council budget to commission a consultant to carry out this work, slated to commence in the second half of 2017.</p>
(b) Responsive to Councillor enquiries	<p>The Administration attempted to provide timely and comprehensive advice and responses to Councillors. A series of workshops were held during the year to more adequately enable elected members to be actively involved in the development of policy and projects.</p> <p>A series of workshops with Councillors were held during the Financial Year including policy review, review of Corporate Business Plan, Workforce Plan, Long term Financial Plan and preparation of the 2017/2018 Budget. As well as other workshops on issues as they arose, and in the quarter under review there have been workshops for the budget, Corporate Business Plan, and Budget adoption</p>
(c) Increased focus on bike plan and streetscapes	<p>WA Bicycle Network Grant for the first stage of the design process for bike boulevard in Whitfield has been successful. The Town has completed the design and this has been forwarded for approval.</p>
(d) Review Executive Team to include a Strategic Land-use Planner. Coach and mentor a new executive team for the future sustainability of the Town	<p>Director Strategic Planning appointed.</p>
(e) Define KPIs together with the alignment of the Corporate Business plan in the current contract.	<p>KPI's align with Corporate Business Plan and contractual KPI's</p>
(f) provide accurate and timely advice to the Council;	<p>Provided verbal and written advice to Council and individual Councillors as requested. Provided updates on statutory and governance issues through weekly bulletins. Ensured that reports to Council are of a high standard and provide accurate and timely advice.</p>

<p>(g) work in collaboration with the Council;</p>	<p>Engagement through workshops and briefing, committees and meetings as required:</p> <p>The CEO attended Council briefings workshops and Council Meetings, and attended WALGA Zone Meetings when required, as a voting Deputy. The CEO also attended EMRC CEOAC meetings as a member with other CEO's from the District.</p> <p>Workshops on Corporate Business Plan, and the draft 2017/2018 Budget were conducted with staff and Councillors during the quarter as part of the Strategic Planning Framework. Other workshops with Councillors were also conducted on the Facilities Review process, a DSR proposal for Bassendean Oval, and the Resource Recovery Facility for the EMRC.</p> <p>Provide follow-up to issues raised at Council meetings, both Councillors and community:</p> <p>Responded as soon as is practicable to issues raised by Council and the community.</p>
<p>(h) provide innovative and visionary leadership;</p>	<p>The Town's sophisticated Asset management Planning process has now reached a level of sophistication that it is providing meaningful And comprehensive reports as part of the budget process and is in advance of many other local governments including some large metro.LG's.</p> <p>The Town has now achieved Waterwise Council status because of its innovative and successful water management and conservation projects and practices. This award now enables the Town to take advantage of additional support for new initiatives in the area</p> <p>The Town's new Community Engagement software is being actively used for community consultation purposes. The Town's RYDE programme, developed by Town staff, is being adopted across the metropolitan area by other local governments using the software developed by the Town.</p>
<p>(i) Maintain a work environment that facilitates the development of people and encourages them to perform at a high level;</p>	<p><u>Corporate Training & Development</u></p> <p>The following staff corporate training and information sessions were conducted at the Town of Bassendean:</p> <ul style="list-style-type: none"> • Dealing with Difficult People (Workshop) –May 2017 • Supporting Positive Workplace Behaviours – May 2017 • Skidsteer Loading Training – May 2017 • Road/Floorsaw Training – June 2017 • Procurement Training – June 2017 • Parks and Gardens Equipment Training –June 2017 • Playground Safety Inspection Training - May 2017 • Driver Awareness Training (2 sessions) – May 2017

- Safety Warden Training (WIW) - May 2017
- Electrical Awareness Training - June 2017

TOWN OF BASSENDEAN

MINUTES

ACCESS & INCLUSION COMMITTEE MEETING

HELD IN THE COUNCIL CHAMBER, 48 OLD PERTH ROAD, BASSENDEAN

ON WEDNESDAY 5 JULY 2017 AT 10.15AM

1.0 **DECLARATION OF OPENING/ANNOUNCEMENT OF VISITORS**

The Presiding Member declared the meeting open, welcomed all those in attendance and conducted an Acknowledgement of Country.

2.0 **PUBLIC QUESTION TIME AND ADDRESS BY MEMBERS OF THE PUBLIC**

Nil.

3.0 **ATTENDANCES, APOLOGIES AND APPLICATIONS FOR LEAVE OF ABSENCE**

Present

Ms Annie Klaassen, Presiding Member
Cr Gerry Pule, Town of Bassendean
Ms Jennie MacLachlan, Community Representative
Ms Catherine Parker, Community Representative
Mr Scott Robinson, Community Representative

Officers

Mr Graeme Haggart, Director Community Development
Ms Mona Soliman, Manager Seniors and Disability Services

Apologies

Mr Darren Taylor, Community Representative
Ms Lillian Cottingham, Community Representative
Ms Diana Ritchie, DSC Local Area Coordinator Bassendean
Mr David Potter, Community Representative

4.0 DEPUTATIONS

Nil

5.0 CONFIRMATION OF MINUTES

5.1 Minutes of meeting held on 10 May 2017

COMMITTEE/OFFICER RECOMMENDATION – ITEM 5.1

MOVED Jennie MacLachlan, Seconded Gerry Pule, that the minutes of the Access and Inclusion Committee meeting held on 10 May 2017, be confirmed as a true record.

CARRIED UNANIMOUSLY 5/0

6.0 ANNOUNCEMENTS BY THE PRESIDING PERSON WITHOUT DISCUSSION

The Presiding Member noted that the Westpac ATM has been removed from within the Bassendean Shopping Centre and that this is disappointing, as it represents a reduction in service to people living with a disability. The Presiding Member expressed appropriateness of the Town to writing to Westpac on the matter.

7.0 DECLARATIONS OF INTEREST

Nil

8.0 BUSINESS DEFERRED FROM PREVIOUS MEETING

Nil

9.0 REPORTS

9.1 DAIP Action Plan Implementation

An update was not provided as there are no new implementation initiatives commenced since the last meeting.

It was noted the DAIP is a 5-year plan that is due for replacement and has been largely implemented.

COMMITTEE/OFFICER RECOMMENDATION – ITEM 9.1

- AIAC – 1/07/17** MOVED Jennie MacLachlan, Seconded Annie Klaassen, that the Committee notes that a DAIP Action Plan Implementation Update report was not provided, as there is no known new implementation initiatives commenced since the last meeting.
CARRIED UNANIMOUSLY 5/0

9.2 Seniors & Disability Services Business Unit Update

The Manager Seniors and Disability Services provided the following update report on the Business Unit activity:

Workforce Update

- Workforce has been relatively stable in recent times: One carer having resigned in June, however, we have one returning from parental leave.

Home Care Packages (HCP)

- We are at 29 packages all up. The referrals are not coming through as it appears the Department is not releasing places. We may no longer be capped but if there are no packages allocated to clients we can't take them.

Home And Community Care (HACC)

- We received a letter re outcome of the 2016/2017 HACC Growth Funding Application. We were successful in receiving \$26,456 recurrent for HGM and \$9,333 non-recurrent for capital equipment.
- The reduction of \$148,579 due to NDIS, however, means our overall Annual Funding Level for 2017/2018 is \$1,538,947 compared to this year's \$1,636,513. Almost two thirds of the funds given over to NDIS are lost from day centre.

NDIS

- We have made an internal decision to provide services to NDIS funded participants only through Brokerage or directly if they are managing their own funds. The decision was not just financial, it was made in the wake with the NDIS's announcement regarding quality audit requirements which are extremely onerous and will be costly to comply with.

Hyde Retirement Village

- One unit remains vacant

Brokerage

- This arm of the business unit is growing exponentially and will continue to do so as we work with NDIS funded participants under this arrangement in partnerships with other organisations.

New Client Management Software

- We will go completely live and stand alone with TRACCS commencing 1 July and CareAssist decommissioned. It will be retained for historical reference only.
- The Mobile Time and Attendance (MTA) has been rolled out to most of the staff and this week they will be allocated the phones to start using. We will use paper rosters for the first few weeks as back up until everyone is confident with the electronic format.

COMMITTEE/OFFICER RECOMMENDATION – ITEM 9.2

AIAC – 2/07/17 MOVED Gerry Pule, Seconded Annie Klaassen, that the report on the Seniors and Disability Services Business Unit activity, be received.

CARRIED UNANIMOUSLY 5/0

9.3 Annual Report

As reported at the last meeting, the Annual Report to the Disability Services Commission is now available electronically.

The report for activity in the 2016/17 year fell due on Friday 30 June.

A copy of the annual report was included as an attachment to the meeting Agenda.

COMMITTEE/OFFICER RECOMMENDATION – ITEM 9.3

AIAC – 3/07/17 MOVED Annie Klaassen, Seconded Jennie MacLachlan, that the discussion on the DAIP Annual Report to the Disability Services Commission, be received.

CARRIED UNANIMOUSLY 5/0

9.4 The National Disability Insurance Scheme in WA Conversation

At the last meeting, the Committee considered attending a two-day National Disability Insurance Scheme in WA Conversation event to be hosted by the Disability Services Commission in partnership with the Disability Coalition. The conversation was held on Friday, 9 June and Saturday, 10 June 2017.

Additional ideas and comments were encouraged from those unable to attend to broaden the conversation.

This time is listed to allow feedback from attendees.

While one member of Committee completed an online survey in relation to the event, no member attended the two-day "conversation". No feedback has been received following the event.

COMMITTEE/OFFICER RECOMMENDATION – ITEM 9.4

AIAC – 4/07/17 MOVED Scott Robinson, Seconded Jennie MacLachlan, that the information on the National Disability Insurance Scheme in WA Conversation, be received.

CARRIED UNANIMOUSLY 5/0

9.5 Other Committee Business

This item is retained as a standing item and allows Committee members to raise items of importance that have not otherwise been dealt with at the meeting.

- *Several Committee members attended the WAFL "Count Me In" round luncheon at the Swan Districts Football Club which was attended by 200 people, many of whom are living with a disability. It was noted that the Club had hired accessible toilets and placed them near the entrance to the Clubrooms, however, the staff were not made aware of the facilities, advising patrons there were no accessible toilets;*
- *Jennie sought consideration to the Town undertaking another program of "Access Makes Cents" with the new DAIP;*
- *Graeme advised of the development of a state-wide "fishability map" being prepared by the Fishers With Disability organisation advising of accessible fishing sites.*

COMMITTEE/OFFICER RECOMMENDATION – ITEM 9.5

AIAC – 5/07/17 MOVED Jennie MacLachlan, Seconded Catherine Parker, that the Other Committee Business items raised by members be received.

CARRIED UNANIMOUSLY 5/0

10.0 MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

Nil.

11.0 ANNOUNCEMENTS OF NOTICES OF MOTION FOR THE NEXT MEETING

Nil.

12.0 CONFIDENTIAL BUSINESS

Nil.

13.0 CLOSURE

The next meeting will be held on Wednesday 13 September 2017, commencing at 10.00am.

There being no further business, the Presiding Member declared the meeting closed, the time being 11.43am.

ATTACHMENT NO. 12

Information Sheet

Permissible Verge Treatment

Introduction

The portion of land between a property boundary and the carriageway or road is referred to as the verge. Property owners or residents of land abutting the verge may install a permissible verge treatment.

A permissible verge treatment is one that is approved by Council and subject to stringent conditions.

Waterwise management practices are encouraged for verge treatments. The Water Corporation webpage (www.watercorporation.com.au) has a range of initiatives to assist residents minimise water usage.

Permissible Verge Treatments

The Activities on Thoroughfares and Trading in Thoroughfares and Public Places Local Law 2010 states:

Division 1 - General prohibitions : A person must not plant any plant except grass within 6m of an intersection

Division 3 - Permissible Verge treatments:

- (1) *An owner or occupier of land, which abuts on a verge, may on that part of the verge directly in front of her or his land install a permissible verge treatment.*
- (2) *The permissible verge treatments are:*
 - (a) *the planting and maintenance of a lawn;*
 - (b) *the planting and maintenance of a garden provided that:*
 - (i) *clear sight visibility is maintained at all times for a person using the abutting thoroughfare in the vicinity of an intersection or bend in the thoroughfare or using a driveway on land adjacent to the thoroughfare for access to or from the thoroughfare;*
 - (ii) *where there is no footpath, a pedestrian has safe and clear access of a minimum width of 2m along that part of the verge immediately adjacent to the kerb;*
 - (iii) *it does not include a wall or built structure; and*
 - (iv) *it is not of a thorny, poisonous or hazardous nature; or*
 - (c) *the installation of an acceptable material; or*
 - (d) *the installation of an acceptable material or other verge treatment in accordance with paragraph (c), and the planting and maintenance of either a lawn or a garden on the balance of the verge in accordance with paragraph (a) or (b).*

Acceptable materials	Conditional requirements
1. Composted mulch or chipper mulch material	> Street Tree Protection policy requirements are applied to ensure the long-term health of the tree
2. Small format Permeable/ Porous Pavers	> To protect the tree roots, all earth works under the tree drip line shall be performed using hand tools > Verge pavers shall be at least 20 per cent porous > Storm water on verge shall be managed on site
3. Irrigation system	> Verge pavers shall not be laid within 2 metres from base of existing tree trunk
4. Grass	> A minimum of 2 metre wide street tree planting bay (s) shall be provided for future street tree (s)
5. Low growing ground cover plants	> No more than one third of the verge shall be paved excluding the crossover > Mulch or paving once installed shall not be higher than the adjacent kerb line, footpath or crossover > Paving shall tolerate limited vehicle traffic > Below ground irrigation / pop up sprinklers

Information Sheet

Examples of Non - Acceptable materials	Reason
1. Frangible objects such as mounds, rocks, sleepers, walls, and garden kerbs 2. Loose objects such as gravel or aggregate 3. In-situ concrete, concrete slabs, and bitumen 4. Artificial turf	<ul style="list-style-type: none"> ➤ Frangible objects may be considered unsafe, cause damage or be used to cause damage ➤ Loose objects impact upon pedestrian safety ➤ Concrete & bitumen have poor water permeability and contribute to storm water flow ➤ Synthetic turf may reduce soil health and contribute to the urban heat island effect by absorbing sunlight and emitting heat

Irrigation & Planting requirements

Irrigation of the verge is an acceptable material on the following condition:

- Gate valve(s) / solenoid valve(s) are located on private property
- Installation of retractable sprinkler heads, level with grass surface
- Irrigation system designed to ensure that the water is not distributed onto paved surfaces.
- Irrigation is applied in accordance to Waterwise for WA water roster requirements.

In regards to the landscaping of the verge, it is essential to provide at all times clear sight visibility for both pedestrians and vehicles. Where there is no footpath, safe and clear access shall be provided for pedestrians. No plant except grass or a similar ground cover plant is to be grown within 2 metres of a road edge and no plant except grass or a similar ground cover plant is to be within 6 metres of an intersection. Other low growing plants shall not exceed 0.75 metres in height.

The sketch landscape plan below is provided to assist the owner / occupier of the lot abutting a verge, appreciate visually the verge planting requirements. In this plan, the plants have been arranged so that grass or a similar ground cover plant covers are placed at edges and low growing plant towards the middle of the verge area.

Where street trees are growing under the overhead power lines it is essential that that the Town of Bassendean approved contractors have appropriate machinery access to carry out street tree pruning operations. Should a verge treatment proposal prevent a street tree from being maintained/ pruned or will damage an existing street tree, the application shall be refused.

When considering landscaping a verge, the planting of endemic (local native) low growing groundcovers and shrubs are strongly encouraged. *Grow Local* native plants brochures can be obtained from the Town's Customer Service information desk. The brochure contains a range of hints and information on how to use and look after native plants

Over the page is shown an example of a verge landscaped plan

Important Information:

- Please refer to the **Verge Treatment**, **Street Tree Protection**, **Significant Tree** and the **Crossover** information sheets which are available for viewing on the Town of Bassendean web page at: www.bassendean.wa.gov.au / information & feedback/ policies
- Before the owner / occupier of the lot abutting a verge or contractors start to dig, plough, excavate or undertake any sub-surface activity, contact the "Dial Before You Dig" service on telephone 1100 to access indicative plans / information within 4-5 days on underground pipes and cables. Failure to take steps to avoid damage may leave you liable for costs incurred in the event of infrastructure damage.
- Local native plants will generally need to be watered for the first two summers until established. Some non-native plant species whilst 'waterwise' should be avoided as there is the potential for seed dispersal into natural areas. For this reason local natives are preferred.

See overleaf for Verge Treatment Permit Application Form.

Information Sheet

VERGE TREATMENT PERMIT APPLICATION FORM

Name of Applicant:
Property Address:
Email:
Telephone (Hm):(Mb):

Verge Treatment Details

Please (✓) tick to confirm the required information has been attached to the verge treatment application form.

- Sketch plan of proposed verge treatment attached
- Specification of material planned to be utilised provided
- If garden to be provided, ensure plant species proposed are clearly shown.
- Reticulation plan of proposed spray or drip reticulation attached
- Dial before you dig information attached
- Request the Town plant and maintain a street tree.

Please Note: If above supporting information is not submitted with application, the Town will have no option but to reject application until relevant information is provided

For General Information Sheets, please refer to the Town of Bassendean web page at : www.bassendean.wa.gov.au/ for the following:

- * "Significant Trees" - guidelines for the identification, protection and management
- * "Street Tree" – Telephone 93779000 or request in writing a street tree (s) be planted
- * "Street Tree Protection"- building permit requirements.
- * "Crossovers" – constructed in accordance to Town's specifications
- * "Availability of Mulch" Free mulch during specified time frames or pay for delivery.

I/we, agree:

- 1. to maintain the verge area in accordance to the approved permissible verge treatment in a good and tidy condition and ensure that pedestrian access will be maintained.**
- 2. that service utilities on occasions will require access to the verge area to undertake underground, above ground routine work and street tree pruning operations.**
- 3. that if the approved permissible verge treatment is damaged as a result of the routine work, the applicant shall reinstate the area at no cost to the Town of Bassendean.**
