# Town comes to life with new developments

## New life for Masonic Hall

**THE TOWN** of Bassendean has approved plans to convert the former Masonic Hall in Wilson Street to a private residence and a home business specialising in psychologist services, focusing on individual therapy.

The former foyer will be used in connection with the business while the rest of the hall will be used as a private residence. The building, which has not been used for a number of years, will be restored as part of the process.

## Plans to redevelop Bassendean Village Shopping Centre

Hawaiian Investments, the owners of the Bassendean Village Shopping Centre, have lodged plans for a \$19 million upgrade to the Shopping Centre. The proposal involves expanding the floor space from the current 7688 m<sup>2</sup> to a total of approximately 9845 m<sup>2</sup>. It is proposed to:

- expand the existing Coles Supermarket by approximately 1062 m<sup>2</sup>;
- introduce new shops, including a mini-major within the existing Woolworths tenancy;
- introduce new external shops to the south and east;
- level the existing eastern car park;
- introduce new shops at the lower level fronting West Road;
- install a travelator to the centre off the southern car park;

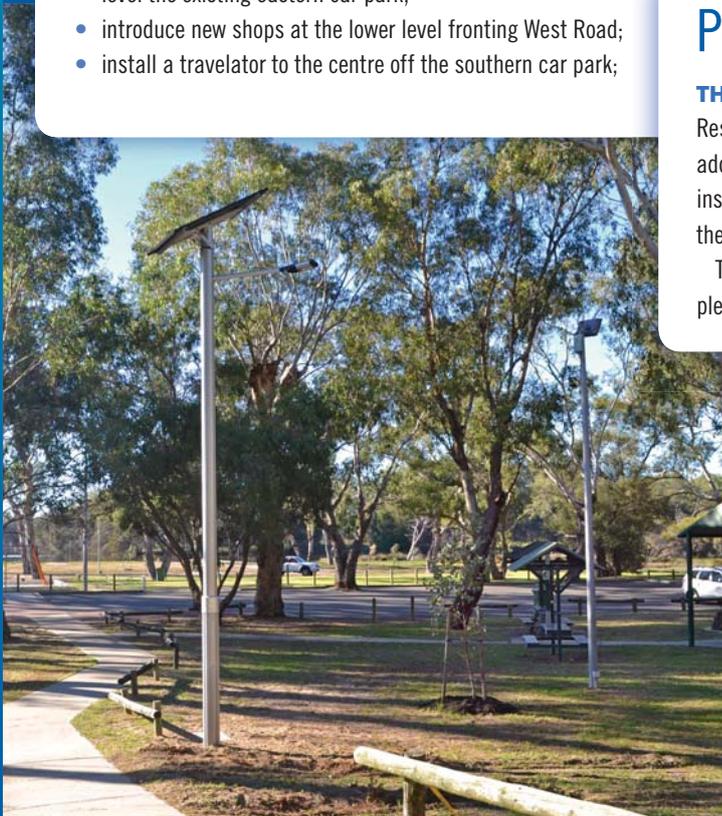

- upgrade and revise the tenancy layout and internals of the existing centre;
- bring the centre up to current codes and design benchmarks in terms of fire safety;
- demolish an existing fast food pad site and replace with car parking; and
- introduce a new tavern with an outdoor seating area.

The proposal will be determined by a Development Assessment Panel which was introduced as a key component of planning reform in Western Australia. The Panel consists of five members, three being specialist members and two local government councillors.

## Point Reserve improvements

**THE TOWN** recently undertook a number of improvements at Point Reserve including constructing new public toilet facilities, installing additional reserve lighting, providing new playground equipment and installing additional paving to picnic shelters. By the end of June 2012 the existing public toilets will be demolished.

The next time you are going for a walk or having a family picnic, please take the time to enjoy these new facilities.

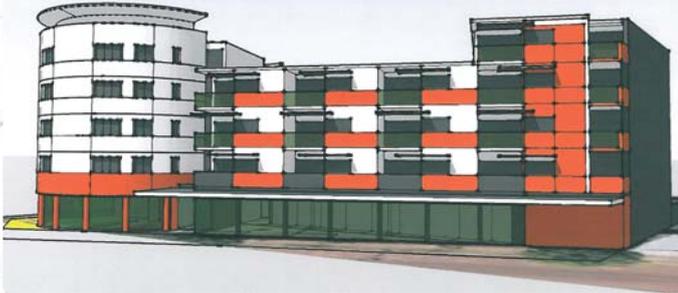

## Old squash court site at 85 Old Perth Road

**CONSTRUCTION** will soon commence on the old squash court site in Old Perth Road, now that the sale contract has been executed, with settlement due in mid-June 2012.

The development application plans are ready to be lodged for the development approved by Council last year.

If you wish to nominate, or require further information, please contact Council's Senior Planning Officer, Michael Whitbread, on 9377 8022, or email [mwhitbread@bassendean.wa.gov.au](mailto:mwhitbread@bassendean.wa.gov.au) and a nomination form will be forwarded to you.

## Movies by Burswood

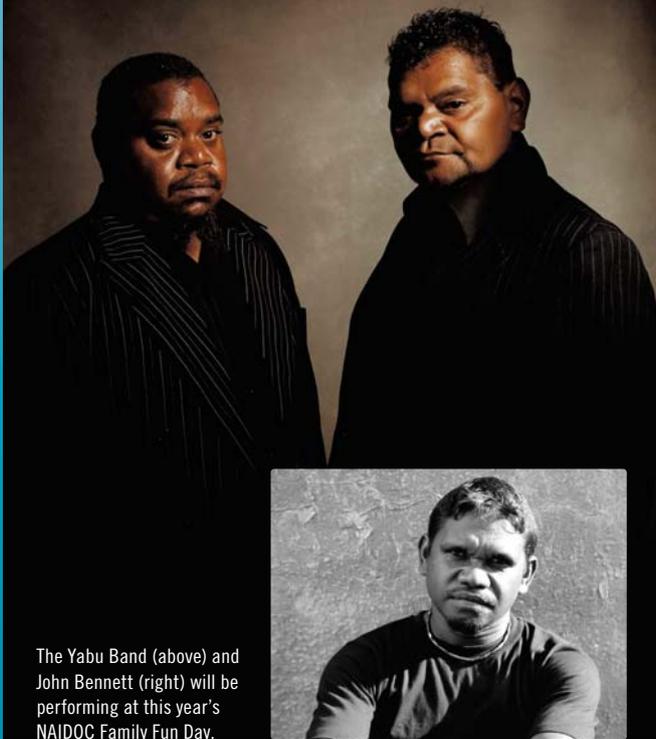

**THE MOVIES** by Burswood season at the BIC Reserve, which recently concluded, proved very popular with the community, with an average of 148 people attending the screenings. The season at Bassendean complemented the Movies by Burswood at Burswood Park and assisted the Movies by Burswood in passing the 400,000 patrons since 2002. In Bassendean, approximately 5000 people attended the 34 screenings over the 11 week season.

The Town has now provided in principle support for negotiations to commence with Movies by Burswood to return to the BIC Reserve in December 2012 for an expanded season.

As the Town is keen for the movies to be more successful for all in the coming season, we are asking for comments that will assist the planning and negotiating process.

Comments can be submitted in writing to the CEO by **29 July 2012** to Town of Bassendean, PO Box 87, Bassendean WA 6934 or by email to [mail@bassendean.wa.gov.au](mailto:mail@bassendean.wa.gov.au) and marked 'Movies By Burswood in Bassendean Comment'.

## Mosquitoes: our control program

**THE TOWN'S 2011/2012 Mosquito Monitoring and Control Program** commenced in September 2011 and concluded at the end of April 2012. The program focused on mosquito breeding in the wetland areas adjacent to the Swan River, which accounts for approximately 95% of the mosquito problem within the Town of Bassendean.

During the season, 33 mosquito traps were set, with 13,703 mosquitoes caught and identified to determine species. Of the mosquitoes trapped, 90% were found to be associated with the wetlands, 7% were associated with backyard breeding (i.e. ponds, pot plant drip trays, gutters, dirty swimming pools, septic tanks) and 3% were freshwater mosquitoes. The majority of the species identified during the season have been implicated as a carrier (vector) of Ross River Virus in Western Australia. This includes the mosquitoes that breed in backyards.

A total of 61 inspections of the breeding sites were carried out and treated when mosquito larvae were observed. In December 2011, a 'breed out' occurred in Ashfield Flats, as a result of the hot weather. The high temperatures saw entire generations of mosquitoes develop from larvae to adults in just a couple of days. This resulted in residents and visitors to the wetland areas experiencing high adult populations until such time as the adult mosquitoes died naturally. Breeding cycles were soon again under control. The Town does not conduct spraying of adult mosquitoes as the adulticides are not target-specific.

High tides during the season also created additional breeding spots. Water inundated some areas which then became suitable spots for mosquito breeding. These sites, when identified, were then incorporated into the inspection and treatment program.

Although we have seen the end of summer, the mosquito season has not necessarily ended with it. During winter, mosquito breeding continues due to things that we may have lying around the backyard which are able to hold even small amounts of rain water. If the collected water stays stagnant mosquitoes can breed in the water.

The mosquito monitoring and control program will commence again in September this year.

## Old Perth Road Markets Sunday 29 July

# Get on yer bike and get down to the Markets!

**THE JULY** Old Perth Road Markets celebrate the completion of the Perth bike network through to Bassendean Railway Station and will be a forerunner to 'The Great Bike Hike' launch at Steel Blue Oval Bassendean on Sunday 19 August.

In addition to all the crafty stalls, the Town of Bassendean, Rotary Club of Swan Valley and Old Perth Road Markets are proud to support the Fairholme Disability Support Group initiative featuring twelve cyclists (including three with a disability) who will journey over 2500 kilometres from Bassendean to Broome during August and September. In the spirit of 'Count Me In', the Great Bike Hike is an awareness-raising event designed to support local communities in becoming welcoming and affirming places for people with a disability or mental illness, together with their families and carers.

For more information and to show your support visit the official 'hike' website at [www.greatbikehike.org.au](http://www.greatbikehike.org.au)

## Local company brightens kids' day

**WIND IN THE WILLOWS** is a community-based not-for-profit Centre operated by the Town of Bassendean. Opening in 1976, it has welcomed thousands of children and their families over the years. Bassendean has a strong sense of community, and Wind in the Willows plays an important role in this, as families often meet each other through the Centre and form friendships that continue as their children move on to school. Wind in the Willows is now caring for a second generation of children, as clients who attended the Centre as children return as parents with their own children.

Wind in the Willows is fortunate to have had many volunteers over the years. From volunteers assisting with admin tasks, parent volunteers accompanying us on excursions, participating in play experiences and providing help with maintenance issues, to volunteers from the community offering support with gardening, specialist art experiences and other programs. Volunteers help us to provide a range of meaningful experiences for children and benefit our community as a whole.

Most recently, Wind in the Willows has been lucky enough to have some wonderful volunteers from Bunnings in Midland come to our Centre. Bunnings run a range of community programs, where their staff are encouraged to volunteer during their regular work hours. Our team of Sarah, Aimee, Colette, David and Paul designed and painted a large Australiana-themed mural on the fence in our Kindy play yard. The children really enjoyed watching the process and we've already received some great feedback from families. Our thanks to the marvellous team from Bunnings for making this possible.
