Nominating for	Councillor
Election Type	Ordinary

AMES, Tallan

I will restore faith in our Council and REBUILD BASSENDEAN. I'm a third generation Bassendean resident of almost 40 years and a successful business owner who actively engages with our community. I know there's no place like our Home by the Swan, but our Town's future is in jeopardy unless sensible fiscal management and action of the Town's strategic plans are applied by the Council. I'll Rebuild our community; Rebuild our finances; support sustainable building development and protect and enhance public open space. I'll support local businesses, clubs and schools and bring back everything we've lost. I will bring YOUR conversations to council and have YOUR voice heard. I'll leave no stone unturned to return our Town to being a vibrant and exciting community for all.
