CHAPMAN, Russell

I have lived in Bassendean for the last 3 years and I can truly say there is no better place to be! We are lucky our suburb has such a rich history and strong sense of community. I would love to build on these core values as your next councillor.

As an engineer working in construction for the last 9 years, I have experience in guiding complex and high value projects. I will bring this experience to the Council and drive responsible financial management for the town and in turn deliver better services to the neighborhood.

I will also build on our sense of community by advocating policy that would aim to improve street safety and street life to allow for a more vibrant local business and café culture.
