---

## HAMILTON, Kath

It's been a privilege serving our diverse community as Deputy Mayor these past 2yrs.

I'm passionate about preserving all that's unique to the character & spirit of our town, & strongly believe it's essential to strike a balance when seeking to maximize the area's potential.

Owning several businesses for 20yrs in the events industry, I developed resilience together with high levels of financial & organizational proficiency. These traits are beneficial when seeking practical & innovative solutions in local government.

Some of my priorities:

- \* Improved amenities for seniors, clubs & youth;
- \* Enhancement of public spaces;
- \* Value for rates;
- \* Fair resourcing across all suburbs.

I seek your support to continue advocating for sensible approaches that enhance what we love about our patch of paradise.
