## **BARTY, Chris**

My journey in Bassendean began in 2012 when I worked for the council on a community inclusion project. During this time I developed a deep affection for Bassendean and when it came time for me to decide where to call home, there was only one place.

As an elite athlete with a disability I have had the pleasure of representing Australia in my chosen sport (soccer). Through this experience, I understand how to work diligently and collaboratively with others to achieve positive outcomes. I am running for council so that I can use this experience to help members of our community achieve their ambitions whether they be sporting, social or economic.

With almost a decade of experience working in a community setting, I have successfully developed, delivered and evaluated sustainable community programs and services. I have achieved this by actively listening to and acting upon the expertise within the community.
