---

## **BUSBY, Bill**

### **Building Community for Community**

Service and care for a broad and diverse community, particularly our young and aging members, have been hallmarks of my entire life.

I have 30 years of business experience which means I am well placed as your councillor to contribute towards decisions making for council planning and budgeting.

A key focus of mine is to free up money for important initiatives such as:

'Eyes on the Street'; upgrading recreation; lowering council rates; working on sustainability issues; and preserving our river.

My community service and experience includes:

President of Ashfield Sports Club; past President of AshfieldCAN; past President and Executive Member, Master Plumbers Association; and active Rotarian.

My heartfelt interest is in working with other Councillors to bring about the best outcomes for you and our Town. I believe sport and inclusive recreation can strengthen and activate our community, reducing incidences of crime and antisocial behaviour.
