GANGELL, John

During my time on Council, our Town has transformed into a truly liveable and exciting place to be, with new and upgraded playgrounds, community facilities and infrastructure and enhanced green spaces.

Highlights include: Civic Gardens, Outdoor movies, Old Perth Road Markets, Jubilee Reserve exercise and path network, Ashfield underground power and River foreshore restoration works.

My focus is firmly on the future with plans for a nature based regional playground, construction of the Men's Shed, the acclaimed WonderRealm Festival returning, Redevelopment of the Eden Hill Shopping Centre site, Enhancing and protecting our beautiful Swan River and creating a Town Centre Piazza.

I have a great passion for showcasing and creating opportunities for business investment, for the benefit of our community.

Having generations call Bassendean home, I bring a wealth of history and knowledge about our Town to Council.

I am looking forward to continuing to work with our amazing community!
