

Candidate Details

District	Town of Bassendean
Candidate Name	Justin VON PERGER
Ballot Paper Name	VON PERGER, Justin
Nominating for	Councillor
Election Type	Ordinary

VON PERGER, Justin

Bassendean is a great place to live. I love the friendly people, its character, open spaces, trees, river and railway. The sense of community, safe environment and our valued heritage has made this an ideal place to raise our family and provided a good start for my successful software company.

With my broad technological expertise, I can provide guidance as the Town develops a new strategic plan and upgrades its IT systems to efficiently deliver better services.

I am standing for Council to support action on sustainability and our community volunteer, youth and sporting groups that help build our cohesive community. I endorse the One Planet Living framework that council has joined with other local governments around the world.

Within our community we share experiences and hold diverse attitudes that deserve respect. I value consultation highly and will work with the Council and residents to deliver a bright collaborative future.
