ATTACHMENTS

SPECIAL COUNCIL AGENDA 10 SEPTEMBER 2019

The reports in this confidential section of the agenda are clearly marked "Confidential" for the purpose of confidential discussions during a committee or council meeting with members of the public excluded.

Councillors and staff are expressly forbidden to disclose information discussed at the meeting or contained in a confidential report unless it is in accordance with the Local Government (Rules of Conduct) Regulations 2007.

Please refer to the following sections of the Rules of Conduct:

6. Use of information

(1) In this regulation –

"closed meeting" means a council or committee meeting, or a part of a council or committee meeting, that is closed to members of the public under section 5.23(2) of the Act;

"confidential document" means a document marked by the CEO to clearly show that the information in the document is not to be disclosed;

"non-confidential document" means a document that is not a confidential document.

- (2) A person who is a council member must not disclose -
 - (a) information that the council member derived from a confidential document; or
 - (b) information that the council member acquired at a closed meeting other than information derived from a non-confidential document.
- (3) Subregulation (2) does not prevent a person who is a council member from disclosing information
 - (a) at a closed meeting; or
 - (b) to the extent specified by the council and subject to such other conditions as the council determines; or
 - (c) that is already in the public domain; or
 - (d) to an officer of the Department; or
 - (e) to the Minister; or

7.

- (f) to a legal practitioner for the purpose of obtaining legal advice; or
- (g) if the disclosure is required or permitted by law.

Securing personal advantage or disadvantaging others

- (1) A person who is a council member must not make improper use of the person's office as a council member
 - (a) to gain directly or indirectly an advantage for the person or any other person; or
 - (b) to cause detriment to the local government or any other person.
- (2) Subregulation (1) does not apply to conduct that contravenes section 5.93 of the Act or *The Criminal Code* section 83.

A breach of s 5.93 of the Local Government Act is considered a serious breach and can result in criminal prosecution with a penalty of \$10,000 or imprisonment for 2 years.

Major and Significant Events Sponsorship and Grant Guidelines

APPLICATION FORM

Round Timelines 2019-2020

Confirmation of Eligibility

This section of the application form is designed to help you, and the Town, understand if you are eligible for this funding opportunity.

Applicants, please note that prior to completing this application form, please ensure you have complied with the following:

- Discussed your project with the Recreation and Culture Team at the Town of Bassendean on 9377 8000 / sponsorshipandgrants@bassendean.wa.gov.au
- Read the Major and Significant Events Sponsorship and Grant Guidelines which are available on the Town's website
- Incomplete applications will not be considered.

I confirm that (Please tick) Y

- I have read and understood the funding guidelines;
- I'm an Australian Legal Entity or possess an Australian Business Number (ABN).
- I'm able to demonstrate the full cost of the proposal including own contribution and other funding sources.
- I have evidence of having obtained the appropriate licences and insurances.
- I can submit the proposal within the advertised funding round and by the specified closing date.
- I can submit the proposal on the specified form and in accordance with published requirements and guidelines.

In addition, I confirm that I am not (Please tick) Y

- Representing the Commonwealth/State/Local or any Government Agency.
- An employee or immediate family members of employees.
- An applicant with outstanding debts to the Town of Bassendean.
- An applicant that has failed to provide satisfactory acquittal reporting for any previous Town of Bassendean approved sponsorship or grant.
- An applicant who has received or been refused a sponsorship or grant within the same financial year.
- Lodging a proposal for a sponsorship or grant for an event or initiative outside of the Town of Bassendean local government area.

No

Brief background of organisation (Purpose, how long in operation, etc. 50 words max.):

Old Perth Road Collective is a proactive, independent group of local community and business members focused on enhancing the heart of Bassendean as a vibrant, safe and welcoming destination where people want to live, work, shop and socialise.

The OPRC will partner the Town of Bassendean Youth Services and Rec & Culture staff to deliver the event and benefit from significant expertise and that these business units possess. Town event staff will perform a mentoring role throughout the planning and delivery phases of the event.

How have you identified the need for this event? (50 words max)

Since the introduction of the 'Keen on Halloween' website Halloween has become increasingly popular in Bassendean over the past few years. We feel that this is the perfect opportunity to extend on from this and create an inclusive event that will bring everyone together on Old Perth Road to celebrate as a community. The theme is an 'old style' Halloween party; similar to something you would see in the movies.

This event would be a destination for people to go after trick or treating in the local neighbourhood, enabling people to make the most out of their costumes and further enjoy Halloween. It would also reduce the need to leave the area to go to other destinations to celebrate and through marketing bring in a broader/wider group of people from all over Perth.

Partnering local businesses would help to provide an opportunity to provide the external stimulus demanded by those stakeholders, after recent initiatives have mainly focused on the West end of Old Perth Road.

Event Description – Date/Time/Location (Description of overall project – 100 words max)

Halloween Street Festival 4pm-8:30pm East End Old Perth Rd, Bassendean

The Old Perth Road Collective would deliver a 'Halloween' themed street festival leveraging the momentum of the Town's past 6 years of 'Keen on Halloween' initiatives.

The OPRC would partner local businesses and employ the 'in-kind' support of suppliers to activate Old Perth Road between West Rd and Hamilton St. The activation would provide an opportunity for local families to

meet after participating in 'trick or treat' activities, and would involve; pumpkin carving competition, children's activities, craft displays, costume parade and photo shoot. The event would be preceded by 3 family craft activities in weeks leading up to the event.

The event would provide an excellent opportunity to position Bassendean, and in particular its Town Centre as a destination for the evening of Halloween for both local residents and families from surrounding areas. There exists a significant opportunity to claim this opportunity in an environment where there exists an emerging and increasingly popular social trend. This unique moment in the emergence of the cultural trend in Australia offers an environment for the Old Perth Road Collective to offer a significant debut event directly targeting local families.

Assessment Criteria

Applications for funding are to address the assessment criteria *where applicable* and demonstrate to a high standard evidence, both quantitatively and qualitatively, against the following criteria.

Sustainability Principles (Evidence of how the proposal addresses or achieve the One Planet Living principles <u>https://www.bioregional.com/one-planet-living.</u>)

The proposed event leverages multiple guiding principles identified within the' One Planet Living' framework: Health and happiness

Encouraging active, sociable, meaningful lives to promote good health and well being

The Halloween 'trick or treat' ritual is gaining momentum in Perth, particularly in Bassendean where the Town has actively encouraged participation. The very nature of the ritual involves pedestrian activities along suburban streets and a high level of networking between local families. These activities align with the 'active and 'social' elements of the OPL health and happiness principle.

Culture and community

Respecting and reviving local identity, wisdom and culture; encouraging the involvement of people in shaping their community and creating a new culture of sustainability

The Halloween initiative seeks to support Bassendean's local identity as a destination for these types of 'public space' activities. It's delivery by local volunteers adheres to the principle of involving people in shaping their community.

Sustainable materials

Using sustainable and healthy products, such as those with low embodied energy, sourced locally, made from renewable or waste resources

This event will be working with WA Plastic Free and implementing the Town of Bassendean's plastic free event policy. The Old Perth Road Collective will also be foraging for natural materials and approaching the local community for unwanted items to upcycle into decorations for the event.

Sustainable transport

Reducing the need to travel, and encouraging low and zero carbon modes of transport to reduce emissions. The nature of the Halloween 'trick or treat' rituals is that of pedestrians reclaiming local streets and travelling by foot to the event, which is in the centre of Town. The event's encouragement of pedestrian travel supports the 'sustainable transport' principle.

Zero waste

Reducing waste, reusing where possible, and ultimately sending zero waste to landfill

The OPRC will be canvassing the local community and businesses to borrow items wherever possible and working with existing resources available to us from the Town of Bassendean and Bassendean Youth Services.

Cultural Outcomes (Extent to which the proposal will celebrate the cultural diversity and alignment to the Town's Arts and Cultural Plan 2019-2023 (include hyperlink). Proposal including a detailed plan for addressing cultural recognition will be viewed favourably)

The proposed event will align with the Town of Bassendean's Arts and Cultural Plan 2019 - 2023.

The proposed event aligns with the outcome 'Appreciation' as the Halloween rituals leverage the unique worth and value of cultural expression. In particular it addresses emerging and diverse forms of expression that are not necessarily part of Australia's cultural norms. This initiative serves to be inclusive of people from all cultural backgrounds as it has not emerged locally from historic or religious origins, but rather popular culture.

The fact that the Town of Bassendean has sought to align itself with the emerging Halloween phenomenon allows it to emerge with a contemporary 'sense of place' where it is becoming recognised as a 'place' associated with these celebrations, and a destination for visitors during this time.

The initiative very much adheres to the cultural outcome 'Enrichment' as the costumes, rituals and celebrations associated with Halloween diverge from the everyday norms and push boundaries in terms of escapism which transcends everyday expectations.

During the event presentation there will be a welcome to the country speech and acknowledgment of the Wadjuk Noongar people.

Whilst Halloween is an American celebration it is becoming more and more popular in Australia. We feel that part of the reason for this, is the bringing together of the local community from all cultural backgrounds to celebrate and international event.

The outcome 'Stimulation' is addressed through the creativity and imagination inherent in costumes and makeup among Halloween participants. A children's fashion parade and professional photo shoot put this creative opportunity front and centre of the proposed event. The craft activities leading up to the event would also allow for creative and imaginative ideas amongst participants.

Social Outcomes (The extent to which the proposal will provide opportunities for the local or greater community to connectedness and social inclusion)

The Halloween Street Festival will be a free event for people to come down to participate in some old fashioned family fun with activities and entertainment for all ages. This event will be inclusive to all people living and working in the area and provide an opportunity to bring people together to meet, interact and connect.

The proposed street festival would be designed to specifically complement existing 'trick or treat' and verge decoration activities which have gained momentum over a number of years. Although previously quite successful, there has been a need and desire for families to 'come together' once they have completed their trick or treating activities. The proposed event would provide a focus for families once they have finished their door knocking and interact with other families in a central location. This would bring many opportunities for networking amongst peers, increasing their sense of inclusion and social connectedness.

Local business would be encouraged to be active participants in the event with the aim of positioning them as participating members of the local community rather than simply vendors of goods and services.

Local businesses will be active partners in the delivery of the event and offer access to infrastructure, toilets, and labour for setup and pack down. Additionally, the Town's Men's Shed Association will be integral to the success of the event through their inexpensive road closure fees. The partnerships involving local businesses and community associations will serve to strengthen existing relationships and functional networks and serve to promote the OPRC's intent to support local businesses through practical initiatives.

Local primary schools will be involved in the event through invitations to run pop-up stalls and craft activities.

Civic Outcomes (The extent to which the proposal will provide and promote experiences that are unique to the Town)

The unique 'Keen on Halloween' website started by the Town of Bassendean has been building momentum the past few years. We feel the website has encouraged more and more people in the local community to celebrate Halloween and it now needs to be taken to the next level. The event would provide a final destination for people to gather after trick or treating, giving the opportunity to connect everyone further and enjoy the night for even longer.

The event brings a fresh approach to Halloween and brings an exciting new advancement to the website and letterbox competition.

There is a distinct opportunity for the Town of Bassendean to position itself as a somewhat unique destination for Halloween activities in a similar way other locations have become know for their Christmas lights. The rates of increased participation through the Town's 'Keen on Halloween' initiative over the past 6 years points to a significant opportunity for the Town to differentiate itself as having a unique 'point of difference' destination.

The Halloween rituals lead to improved networking within neighbourhoods through the interactions inherent in the activities, and a cohort of event participants which are already 'activated' and geared for further participation.

Place Outcomes (The extent to which the proposal will activate private or public spaces with vibrant activity)

As well as involving local schools, organisations, businesses and residents, the OPRC also plan to target the broader community. This event will showcase Bassendean and help to reshape people's views and opinions on the area; putting Bassendean on the map as a place worth visiting.

The inherent activation implied with a street festival involving a road closure will assist to activate adjacent businesses through vibrant evening activity. These businesses will be encouraged to be active partners in the proposed event.

The choice of location serves to activate a part of Old Perth Road which has not seen the same level of support as the Western end, and provides an opportunity for the OPRC to stimulate this neglected space.

The event will be an opportunity for the Town to 'debut' its second phase of festoon light installations aimed at improving the atmosphere of the vent site at the East end of Old Perth Road.

Economic Outcomes (The extent to which the proposal will stimulate the local economy and provide opportunities for local business to leverage the event)

This will be the first road closure and event held down this end of Old Perth Road. The OPRC expect to see a hive of activity down the entirety of Old Perth Road as all businesses will be encouraged to stay open and take part in the event regardless of where they are located on the street. It will enhance economic activity in area and create vibrancy to Old Perth Road on an otherwise guite Thursday night.

It will also encourage residents to stay local rather than going elsewhere to other festivals and street parties which in turn would provide opportunities for local businesses to benefit from the event.

Safety Outcomes (Submission of a risk assessment plan and evidence of the patron and community safety strategies that will be implemented. Every sponsorship or grant proposal is to include a detailed risk management plan)

The OPRC has worked closely with Town of Bassendean Officers to develop a risk management plan. See attached.

Organisational Competency (Evidence of, including a detailed implementation plan and budget, of the applicant's demonstrated capacity and financial viability to plan, deliver, manage and coordinate all aspects of the proposal)

The OPRC has recruited volunteers from a wide range of professional backgrounds including those involved in event management, marketing, and place activation, amongst many others.

The OPRC has identified members who are best placed to deliver each aspect of the proposed event, and would leverage their professional expertise.

The overall event coordinator has recent experience running the Old Perth Road Markets and has experienced success in restructuring processes and introducing new initiatives. Existing relationships will be utilised to create productive partnerships with local businesses and ensure their participation in the proposed event.

The OPRC has within its membership Local Government staff with backgrounds in marketing and community engagement. These skills will be utilised to offer effective marketing for the event through various communications channels.

Local businesses along Old Perth Road are members of the Town Team and have expressed commitments to the provision of electrical supply for lighting the event site as well as participating with prizes for various activities.

The OPRC's partnership with the Recreation and Culture, and Youth Services Business Units ensures that professional mentoring will be available throughout the planning and event delivery processes. Infrastructure such as a PA system and smoke machine will be provided in-kind by the Town's Youth Service, reducing costs.

Supporting Documents

Please attach all supporting documents in order for your grant application to be assessed, including:

- Most recent 12 month financial statements (income and expenditure and balance sheet) Not applicable
- If applicable, business plan or organisation's minutes supporting the event
- Auspice form/letter if not an incorporated body

Canvassing of Elected Members

If prior to the determination of funding by Council, an applicant (or any agent) canvasses any Elected Member of the Town of Bassendean, or attempts to provide additional information, either directly or indirectly, on any matter relating to the sponsorship or grant to an Elected Member, the person/organisation may be disqualified and the sponsorship or grant excluded from being considered for approval.

In the event supplementary information is requested to be provided to Elected Members, please contact you're the Recreation and Culture Business Unit to directly to disseminate this.

I agree to these terms YES ⊠ NO □

Disability Access and Inclusion

Access and inclusion is about ensuring that all public services are available to all community members, including those who have a disability, so that they have the opportunity and choice to participate in all aspects of community life.

To the extent that it is practicable, the applicant is required to provide universal access to their event, as outlined in the Town of Bassendean's *Disability Access and Inclusion Plan*. The applicant will need to be able to provide evidence of how their event complies with the *Disability Access and Inclusion Plan* for the sponsored event if requested.

You may be required to report on accessibility of your event on the conclusion of your project as part of the acquittal report.

A copy of the Disability Services Commission's *Guide to Disability Access and Inclusion Plans for Local Government Contractors* is available for download at: http://www.disability.wa.gov.au/business-and-government1/business-and-government/disability-access-and-inclusion-plans/

Background Information

On 26 January 2019, The Town of Bassendean will present its 15th annual Australia Day Celebrations & Fireworks event.

The event takes place at Ashfield Reserve, Guildford Road, Ashfield, on land under the control of the Town of Bassendean. The event is always staged on Australia Day, 26 January, from 5pm to 9pm and typically attracts approximately 15,000 people.

The event is hosted to promote the Town, to celebrate this National holiday and encourage positive outcomes for community life.

The event is produced by the Town of Bassendean in-house staff in conjunction with a variety of partnering authorities and contractors, including local police, a traffic management company, a security company, stall holders and performers.

Community expectations are that the event will be staged in an organised and efficient manner in a safe and family-friendly environment and include live music, food, carnival rides and spectacular fireworks.

In order to meet these expectations, the Town will aim to ensure that duty of care and attention is paid to planning for any foreseeable risk occurrences during the Town's Celebrations and ensure the Town is able respond to the best of its ability should the need arise.

The methodology used in this document is based on International Standard ISO 31000:2018 Risk Management - Guidelines.

Scope

This scope of work relates specifically to the risks associated with the ownership and management of the Town of Bassendean's Australia Day Celebrations event and the assessment of the risk management arrangements currently in place to manage those risks. This includes:

- Identification of risks and vulnerabilities through site inspections, interviews and a scenariobased workshop with key stakeholders and event staff.
- Review of current procedures and processes documented and undocumented for the management of identified risks,
- Identification of areas requiring improvements, additional controls and strategies for the management of risk,
- Updating current procedures and processes and/or develop new procedures and processes in consultation with stakeholders so the control measures for managing the risks are clearly articulated,
- · Identifying training requirements.

Financial risks relating to underwriting Australia Day Celebrations are not included in the scope of this document.

The Emergency Coordination Centre during the event will be at the mobile site office (Police Command Post) backstage at the northern end of Ashfield Reserve, where, should an emergency arise, these procedures can be enacted.

For the purposes of this document, where an incident is identified as within State Emergency arrangements, the Town of Bassendean's Local Emergency Management Plan will be implemented and shall supersede this plan and the Prescribed Agency will be the agency of control.

Emergency Identification and Verification

Definition

For the purpose of this Risk Management Plan, a hazard or threat is defined as a source of potential harm or with a potential to cause loss.

Procedure

If key personnel discover a hazard or threat before or during the event they are to immediately advise the Event Manager of the situation, and if appropriate, the relevant Emergency Services Response Agency.

The Event Manager will investigate and verify the report and advise the appropriate personnel or agency of all relevant circumstances.

The Event Manager will be responsible for mobilising all necessary resources to deal with the situation.

If the situation is declared an emergency, the following procedures apply:

- Time permitting; proceed to the Event Command Office (Police Command Post).
- Determine priorities with the relevant Emergency Services personnel.
- Arrange medical resources as required.
- Maintain communication at all times.
- Assist with evacuation procedures as directed.

Standard Evacuation Procedure

Ashfield Reserve is a medium-size area with many points of ingress and egress. In the event of an emergency this area may need to be evacuated. Care must be taken to ensure wherever possible that patrons do not run into surrounding streets prior to activation of traffic management procedures.

Emergency egress points are as follows:

LOCATIONS	LOCATIONS EXIT POINT	
Staging and main public area	North Eastern End of Reserve and then if required to Cyril Jackson Senior Campus (Front Lawns – Reid Street).	
Alternative	Parking area of IGA and Maidos Street Southern end of reserve	

All Emergency Services vehicles will be directed to the emergency vehicle entry point off Fisher Street, Ashfield.

If an evacuation is necessary, a call will be made by the Event Manager or person with delegated authority, and an announcement made through the public address system.

Key Personnel will also be informed by radio or phone as to the status of the emergency and the areas to be evacuated. In the event of radio and/or Public Address System failure, a loud-hailer will be used.

All injured persons will be relayed to a Casualty Triage Area (as designated by the Event Manager) by medical teams and available Emergency Services personnel. Treatment priority will be on the basis of the National Triage Score (NTS).

Evacuation Crowd Control

Town of Bassendean Officers / event staff, Police, security staff and key personnel responsible for the movement of people out of a danger area should:

- Not place themselves in danger or remain in an area of danger.
- Make themselves as visible as possible by putting on emergency vests and using torches if available.
- Not obstruct the smooth flow of evacuees.
- Direct evacuees safely to emergency egress points.

Communications

The central communication point for the event will be the Town of Bassendean Control Centre (Police Command Post).

Communication in the first instance is with the Event Manager and the relevant Emergency Services Response Agency.

2-way radio independent net: all Town of Bassendean Event Staff.

Including the following personnel:

- Team Manager Corporate Security
- AAA Productions event manager
- Water Tanker Driver
- Fireworks Leader (2 x radios)
- Quality Traffic Management
- Bassendean Men's Shed

Town of Bassendean has 2-way and mobile phone contact with Police and Rangers.

Event Manager	Assume initial control of the situation.
	Assess the situation with Police and Emergency Services and determine priorities.
	If required, activate the evacuation plan.
	Provide on-going assistance with participating Agencies as required.
	On being notified by Emergency Services of the 'All Clear', the Event Manager will notify all Key Personnel.
Assistant Event Manager - Logistics Manager	Assume the responsibilities of the Event Manager, in their absence.
	Be the "eyes and ears" of the Event Manager at the emergency scene.
	 Assume control of staff and direct them with appropriate actions under the Event Manager's instructions.
	Report situation update to the Event Manager as required.
	In the event of communication failure between the Event Manager and the Assistant Event Manager, the Assistant Event Manager will assume local control of the Key Personnel at the emergency scene.
All Key	Evacuate identified areas as instructed by the Event Manager.
Personnel (Security, First	Assist in crowd control.
Aid etc)	Facilitate, where possible, access for external Emergency Services.

Position Responsibilities

Stakeholder Contact Details

Stakeholder	Name	Contact	Function
98five Sonshine FM	Ash Wright		98five IT / Broadcast Engineer
98five Sonshine FM	Chela		98five Production Engineer

Yellow Card - Stop after the next song

Red Card - Stop Immediately

Purple Card – False Alarm

Incident Response Procedures

Incident Response: Antisocial Behaviour, Sexual Assault, Violence or Attack			
Response	Lead Agency / Primary Responsibility		
 Event Staff to respond to patrons suspected of criminal or antisocial behaviour by: Reporting the incident to security Not approaching suspects, but keeping a visual on suspects until security arrive 	Event Manager		
Corporate Security to respond as appropriate	Corporate Security		
Police to intervene as required	WAPOL		
Always contact Police if incident escalates into violence	WAPOL		
Always contact St John Ambulance if injuries occur	St John Ambulance		
Notify Event Manager of any incidents	Corporate Security		
Ensure clear access for ambulances and responders	Corporate Security		
Continue stage performances only if safe to do so to allow for staggered-interval departures, if applicable	Event Manager		
Contact Transperth & Maylands Operations Centre to advise changes to event proceedings, traffic, trains and train announcements, if applicable.	Event Manager		

Risk Assessment

Causal Factors				
Excessive alcohol consumption				
Drugs				
Disenfranchised individua	ls / organisations			
Controls				
Alcohol is not encoura	aged and is not sold at th	ne event;		
 Intoxicated patrons w 	ill be escorted off event	site;		
Promotion of the ever	nt will advise it as a fami	ly event;		
 Security conduct rand 	Security conduct random patrols of the venue;			
 WA Police on site available 	WA Police on site available and on request;			
 Crowd controllers / set 	Crowd controllers / security are briefed prior to the event;			
Staff prevent public access to assets				
 Designated No-Go areas for public; 				
Event staff and Security are reminded to be aware and vigilant at all times;				
 Security staff can respond quickly and possess the requisite training, competence and equipment to deal with or limit the impact of threats; 				
 Comprehensive plans are understood by staff and security personnel, regularly exercised, and compatible with local emergency services plans. 				
Risk Assessment with controls in place	ith Consequence – 3 Likelihood – 3 Result 9 – Moderate Risk			
Further actions required to reduce risk:				
EVENT DELAY OR Multiple injuries / crowd anxiety. Refer to 'Decision Tree' for authority				

Multiple injuries / crowd anxiety. Refer to 'Decision Tree' for authority.

CANCELLATION

Incident Response: Hostile Vehicle / Vehicle Accident			
Response	Lead Agency / Primary Responsibility		
REMAIN CALM	Event Manager		
Patrons and Police will likely initially consider the incident terrorism-related, unless confirmed otherwise.	WAPOL, assisted by Corporate Security & QTM		
Assist Police; Police will declare the area a crime scene, close roads and establish an exclusion zone until well after the fireworks event finishes.	WAPOL		
Ensure clear access for ambulances and responders.	Event Manager, Corporate Security, QTM		
Liaise with CEO and other stakeholders regarding safety of patrons, postponing or cancelling event, closing rides and marquee or stage proceedings. Consider the Town's morals and reputation when making these decisions.	Event Manager		
Communicate appropriate messages & updates via radio broadcasting 98.5fm, stage broadcasts and social media.	Event Manager		
Always contact St John Ambulance if injuries occur	St John Ambulance		
Continue stage performances only if safe to do so to allow for staggered-interval departures, if applicable	Event Manager		
Contact Transperth & Maylands Operations Centre to advise changes to event proceedings, traffic, trains and train announcements, if applicable.	Event Manager		

Causal Factors

Drugs / Alcohol

Disenfranchised individuals / organisations

Controls

- Traffic management company employed
- Public and vehicular access managed through trees, barricades, signage and personnel
- Temporary structures strategically placed to prevent incursion
- Security and Police on site and on request;
- Crowd controllers / security are briefed prior to the event;
- Security staff can respond quickly and possess the requisite training, competence and equipment to deal with or limit the impact of threats;

Risk Assessment with controls in place	Consequence – 5	Likelihood – 2	Result 10 – High Risk
Further actions required to reduce risk:	Nil		
EVENT DELAY OR CANCELLATION	Event continuity decisions based on the severity of the incident. Fatality / multiple injuries / crowd anxiety; cancel event. Refer to 'Decision Tree' for authority.		

Incident Response: Bomb Threat or Suspicious Item			
Response	Lead Agency / Primary Responsibility		
REMAIN CALM	Event Manager		
Using the public address system, order patrons to evacuate. Communicate appropriate egress options.	Event Manager		
Evacuate	Police: assisted by Rangers, Corporate Security, QTM & parking staff		
Contact Police; Police will declare the area a crime scene, close roads and establish an exclusion zone until the threat is neutralised	WAPOL & Event Manager		
Traffic management; road closures and traffic egress	QTM		
Communicate appropriate messages & updates via radio broadcasting 98.5fm, stage broadcasts and social media.	Event Manager		
Contact Transperth & Maylands Operations Centre to advise changes to event proceedings, traffic, trains and train announcements, if applicable.	Event Manager		
Record the incident using the appropriate format and report to relevant authorities.	Event Manager		

Causal Factors

Bomb threat call received by event stakeholder

Individual throws device from a moving vehicle

Individual carries device into the venue

Suspicious item discovered

Controls

- Emergency disperse / evacuate plan is in place and tested;
- Event staff and Security are reminded to be aware and vigilant at all times;
- Security staff can respond quickly and possess the requisite training, competence and equipment to deal with or limit the impact of threats;
- Reliable emergency communication systems throughout the location;
- Comprehensive plans that are understood by all staff and security personnel, regularly exercised, and compatible with local emergency services plans;
- Conduct suspicious item search prior to event.

EVENT DELAY OR CANCELLATION	Event continuity decisions based on the severity of the incident. Consult with WAPOL & Refer to 'Decision Tree' for authority.		
Further actions required to reduce risk:	Nil		
Risk Assessment with controls in place	Consequence – 4	Likelihood – 2	Result 8 – Moderate Risk

Incident Response: Fire			
Response	Lead Agency / Primary Responsibility		
Using the public address system, order patrons to evacuate. Communicate appropriate egress options.	Event Manager		
Evacuate	Police: assisted by Rangers, Corporate Security, QTM & parking staff		
Water tanker contractor to respond to fire. Contact DFES.	Water tanker contractor & DFES		
Delay / cancel event proceedings as appropriate	Event Manager		
Traffic management; road closures and traffic egress	QTM		
Communicate appropriate messages & updates via radio broadcasting 98.5fm, stage broadcasts and social media.	Event Manager		
Contact Transperth & Maylands Operations Centre to advise changes to event proceedings, traffic, trains and train announcements, if applicable.	Event Manager		

Causal Factors	
Extreme weather	
Fireworks	
Smoking	
Arson	
Controls	
Reserve mowed prior to event	

- Reserve mowed prior to event
- Water tankers onsite for the duration
- DFES is notified of the event
- Emergency services access points kept clear
- Pyrotechnics contractor certification and insurance certificate of currency is checked
- Reliable communication systems throughout the location;
- Comprehensive plans that are understood by all staff and security personnel, regularly exercised, and compatible with local emergency services plans;
- Fireworks are conducted by licensed contractor;
- Exclusion zone set up around fireworks area

Risk Assessment with controls in place	Consequence – 3	Likelihood – 2	Result 6 – Moderate Risk
Further actions required to reduce risk:	Nil		
EVENT DELAY OR CANCELLATION	Event continuity decisions based on the severity of the incident. Consult with DFES & Refer to 'Decision Tree' for authority.

Risk Assessment Criteria

Risks are assessed using the following criteria. These criteria are aligned with the Town's overarching Risk Management Framework; however, event risks criteria should not be used to assess the Town's Operational risk.

Consequences

Australia Day Celebrations	Health	Financial	Interruption	Reputation	Infrastructure / Venue / Environment	
Insignificant (1)	Negligible injuries – no treatment required	< \$1000	No material interruption	Unsubstantiated or unsuccessful attack on reputation	Minor damage, immediate on-site repair	
Minor (2)	First aid treatment required.	\$1001 - \$10,000	Short term, recoverable delays <1hour.	Low impact.	Minor damage, event activity delay. On-site repair.	
Moderate (3)	Medical type injuries / Ambulance or hospitalisation.	\$10,001 - \$25,000	Noticeable delays to event program, requiring effort to remediate <2 hours	Moderate impact. Effort required remediating.	Moderate damage, external assistance required	
Major (4)	Multiple injuries	\$25,001 - \$100,000	Major delays to event program >2 hours	High impact. Major effort / cost required remediating	Significant damage, prolonged restoration actions.	
Extreme (5)	Fatality	> \$100,000	Event Cancellation	Very high multiple impacts. Irrevocable	Irreversible damage. Extensive activity and external assistance required.	

Likelihood

16. 	Description	Probability				
Almost Certain (5)	Expected to occur in most circumstances.	> 90% chance of occurring				
Likely (4)	Probably occur in most circumstances.	60% - 90% chance of occurring				
Possible (3)	Should occur at some time.	40% - 60% chance of occurring				
Unlikely (2)	Could occur at some time.	10% - 40% chance of occurring				
Rare (1)	May only occur in exceptional circumstances	< 10% chance of occurring				

Risk Matrix

Consequence	Insignificant	Minor	Moderate	Major	Catastrophic
Likelihood	(1)	(2)	(3)	(4)	(5)
Almost Certain	Moderate	High	High	Extreme	Extreme
(5)	(5)	(10)	(15)	(20)	(25)
Likely	Low	Moderate	High	High	Extreme
(4)	(4)	(8)	(12)	(16)	(20)
Possible	Low	Moderate	Moderate	High	High
(3)	(3)	(6)	(9)	(12)	(15)
Unlikely	Low	Low	Moderate	Moderate	High
(2)	(2)	(4)	(6)	(8)	(10)
Rare	Low	Low	Low	Low	Moderate
(1)	(1)	(2)	(3)	(4)	(5)

Risk Rank Description Criteria Responsibility Risk acceptable with adequate controls, managed by routine procedures and subject to general operational oversight LOW Acceptable **Event Manager** Risk acceptable with adequate controls, documented procedures MODERATE Monitor Event Manager / CEO and subject to specific operational oversight. Risk acceptable with effective controls and a specific risk action Urgent HIGH Attention plan, documented procedures and dedicated operational CEO / Council Required management.

Risk Acceptance Criteria

Control Rating

Rating	Description	General Considerations
Effective	There is little scope for improvement.	The control is:
Adequate	There is some scope for improvement.	 A physical object, technological system or human action. Mitigates an unwanted risk sequence (prevents or detects).
Inadequate	There is a need for improvement or action.	 Is measurable or auditable.
