Policy Scope

This Policy applies to all requests from community groups, organisations and individuals for the provision of financial support towards projects, programs, events and other initiatives.

Policy Statement

The Town of Bassendean recognises that community funding provides a significant opportunity to contribute to the vitality and vibrancy of the Town; work collaboratively with the local groups, organisations and individuals to deliver activities which increase social participation, promote social inclusion and strengthen connections within our community; and deliver economic and environmental benefits. Community funding also promotes capacity building within the community to encourage and support groups committed to delivering positive outcomes.

This Policy outlines the various Community Funding opportunities available from the Town to meet the diverse range of interests, demands and priorities throughout the community. Importantly, the Town's grants are not intended to cover the majority of project's costs; but rather, contribute to its delivery. Applicants can support their project through other funding sources, in-kind support and/or volunteering.

Applicants are not guaranteed funding and any initiatives previously supported through Community Funding cannot be guaranteed funding in future years and this should be considered when preparing any application. The availability of financial support remains subject to Community Funding allocations within Council's Annual Budget that may vary from year to year based upon Council and community priorities.
